

Pavilion Reservations Guidelines

- The Pavilion is for S.P.H.O.A members to reserve and bring guests.
- Pavilion reservations can be made for a max of 3 hours/day during the pool season and hours.
- Bring your own trash bags to collect your trash and take with you after your party so the trashcans at the pool are not overfilled.
- Members who do not clean-up their parties will not be allowed to reserve the pavilion in the future.
- Members are responsible for their behavior and their guests behavior and are subject to be asked to leave for inappropriate behavior.
- The gates to the pool and pavilion are to remain closed except to allow guests to enter and unload and load party supplies.
- Members who repeatedly leave the pool gates open and left unattended, may have their pavilion or pool privileges revoked.
- Be conscientious of your fellow members if you're planning a large party. If you're inviting a church group or large party of 50 or more people and the max occupancy in the pool is 86, then have some of them play volleyball/tetherball or other activities so other's may also enjoy the pool as well. There are no private parties for the entire pool complex.
